

# IF NOT YOU...WHO? UNLEASHING THE POTENTIAL OF WOMEN AND GIRLS IN STEM January 31st

WOMEN'S GIVING  
ALLIANCE  
THE COMMUNITY FOUNDATION

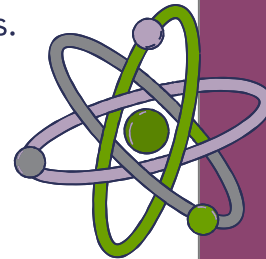

Do you know a girl (12+) who might consider a future in STEM (Science, Technology, Engineering, and Mathematics)? This is just the event for her and YOU!

WGA Members and WGA Grantees are encouraged to help shape the next generation of female scientists and engineers by bringing their daughters, granddaughters, nieces and other exceptional young women for a free panel discussion including author Silvana Spence, the Delta Research and Educational Foundation, the River City Science Academy and college admission experts.

## Program highlights include:

- Fostering a love for STEM subjects
- Promoting self-belief and resilience as girls embark on their journey
- Strategies for navigating potential obstacles and stereotypes
- Charting the course with the right STEM programs required for college
- Exploring financial aid and funding STEM education
- Insights into diverse STEM career paths
